

Feel the Freedom

The simplest way to access iBoxes

Using an ActiveKEY is simple, convenient, and secure. No cradle, no nightly updates, no waiting for showing alerts. Put an ActiveKEY in your hand and feel the freedom!

- Wireless updates deliver showing data immediately, continuously, and automatically.
- Wireless operation eliminates cradle.
- Automatic, continuous renewal means no more update codes while providing the Association/MLS with instant deactivation capability.
- Seamlessly connects across ALL cellular towers to provide the BEST coverage. Stays updated so you can open iBoxes even where there is no cell coverage.
